McClelland Hall Facilities Re-entry

AUGUST 6, 2020
This presentation highlights safety measures implemented in McClelland Hall, done in preparation for those from the Eller Community that will return to campus in fall 2020.
Face Coverings
Face coverings must be donned (put on) before entering and occupying any UArizona work location except single occupancy offices and single occupancy vehicles. Face coverings must be donned (put on) before entering all shared spaces including but not limited to restrooms, hallways, stairwells, elevators, and lobbies. Face coverings must be worn in transit, indoors and outdoors. Employees should keep a face covering available at all times while at the workplace. Employees should continue to use face coverings even when physical distancing (e.g., greater than 6 feet between individuals) is practiced, especially indoors. These are not guaranteed to protect you from exposure but will reduce potential spread from people who may not be showing symptoms. **Face coverings are not substitute for physical distancing**, which should remain the primary means of preventing transmission.
At every McClelland Hall entrance, signs will be posted directing people to pickup a mask at the the 201 Undergraduate Programs reception desk, if they have forgotten a mask.
UA Branded Masks

- Two UA branded washable face masks will be provided to every person in the UA Community.
- The Eller Facilities Team will work with Eller departments, suites and programs to distribute masks to Eller faculty, staff, PhD and master students beginning August 26th.
- The Bookstore will be at McClelland Hall on Tuesday August 25th 8:30 to 4 PM to distribute masks to students. A trailer will be parked in front of McClelland Hall on Helen Street.

Eller Branded Masks

- An Eller branded washable face masks will be provided to Eller faculty, staff, grad students and upper division/professionally-admitted undergrad students.
- Delivery date and distribution TBD.
Traffic Flow Control

controlled to avoid crowding and limit face-to-face encounters.
McClelland Hall Perimeter Doors

Doors designated as “entrance only” and “exit only”
Traffic flow clearly marked in Main Hallways
Stairwell Traffic Flow

• East stairwell – up only
• North and West stairwells – down only
• MIS Commons stairwell – up only
• PDC stairwell – both directions (up/down) to maintain connectivity between L2 and L3
Classroom Traffic Flow

• Large classrooms with two doors will have designated “enter only” and “exit only” doors

• Release students early to prevent bottlenecks and minimize crowding as students enter/exit classroom

• Students to wait outside the building prior to class
Elevators controlled to avoid crowding and limit face-to-face encounters.
Elevator capacity limited to 2 people
Building Air Filtration
- The current filters at McClelland have capability of MERV-8. MERV-13 filters have been ordered, but there is a backlog. Delivery expected in September.

- FM is looking at a target number of 15% for the fraction of circulated air that comes from outside as opposed to inside. FM is reporting that McClelland Hall is at 41.86% which FM considers a very good number.
Cleaning Frequency
On daily basis, FM will enhance cleaning and disinfectant protocols throughout the building.
McClelland Hall Entrances, Restrooms, Hallways, Stairwells, Elevators, Showers will be cleaned daily.
McClelland Hall Classrooms will be cleaned daily.

**Plexiglass installed at reception areas**
Hand Sanitizer stations installed:
• Building entrances
• Elevator lobbies
• Classrooms
• Student study and collaboration areas
• Labs
• Bottles of spray disinfectant and paper towels placed throughout building. Eller staff and faculty to disinfect conference rooms, breakrooms, copy rooms, mail rooms, before and after each use.

• Frequently touched surfaces to be disinfected throughout the day.
• Disinfectant spray bottles placed in all classrooms.

• One bottle for teaching console – instructors to disinfect before and after each class.

• One bottle (or more for larger classrooms) for students to disinfect their seating areas before each class.
Hand Sanitizer bottles placed in reception areas, conference rooms, copy rooms, breakrooms and PhD areas.
