## Eller College Professional Admissions Application Process

The Professional Admission application is competitive and selective. To be eligible students must meet all requirements by the application deadline. To be a competitive applicant for Eller Professional Admissions, applicants should focus on strong overall academic performance coupled with extracurricular or professional leadership opportunities. The Eller Professional Admissions application considers the following selection criteria:

- **Grade Point Average**
  - Applicants must have a minimum cumulative GPA of at least **2.75** on 12 or more completed graded UA units.
  - If applicant has fewer than 12 units at UA, Eller calculates cumulative transferrable GPA using **all attempted college-level coursework** from **all previous institutions** attended. (i.e. if a transferable course did not transfer to UA due to a grade of D or F it will still be figured into the Eller cumulative GPA; W's are not considered in GPA calculation)
- **Foundation Coursework**
  - Business Foundation courses must be completed before the start of the Professional Admission application process, and any remaining Business Foundation courses must be successfully completed with a transferable grade (C or higher) by the end of the regular semester in which the student is applying for Professional Admission
  - Eller considers all graded attempts at Foundation courses, including repeated courses.
  - Note: Students may NOT complete required courses during the summer or winter following their application to be eligible for application – you must wait to apply
  - Applicants must have completed a minimum of 36 units of work acceptable to The University of Arizona, and be on track to complete 50 credits by the end of the semester in which they apply
- **Interview**
  - Applicants must submit a professional resume and Cover Letter to be evaluated by interviewers
  - Interviews are conducted by business professionals (Eller alum or community members). The interview consists of a brief introduction, discussion of an ethics case, and behavioral questions related to the Eller College of Management learning outcomes.
