## OVERVIEW

**Change your career path in the immersive Full-Time MBA program.**

Work with a tight-knit community of peers and receive one of the best values in graduate management education.

Choose one of five concentrations, and consider dual-degree options to boost the value of your experience.

**Ideal for working professionals, this program delivers an in-depth curriculum one evening per week.**

Gain a quality business education alongside fellow professionals working at some of Tucson's most notable companies.

Continue to work while gaining business skills and growing your professional network.

**Gain the tools to overcome today's formidable business challenges.**

See leaders in action during the Global Business Experience and Innovations Experience. Balance work, class, and home while enhancing your management and leadership skills.

Learn from premiere instructors alongside a diverse class of professionals.

**Ranked #7 by U.S. News & World Report, our Online MBA is our most flexible program.**

Get the Eller experience in a fully online format that adapts to your schedule. With six starts per year, you can begin when you're ready.

You will have academic and professional support throughout the duration of the program.

## WORK/LIFE BALANCE

Replace work with this fully immersive program and gain additional skills to begin a new career.

Continue working while building the skills you need to advance your career.

Meeting one weekend per month in-person, you have time for what is important to you.

Earn your degree on your schedule to enhance your career. Fully flexible and accessible at any time.

**ONLINE**

**MASTER OF SCIENCE IN MANAGEMENT  
 INFORMATION SYSTEMS**

**TUCSON**

**MASTER OF SCIENCE IN MANAGEMENT  
 INFORMATION SYSTEMS**

**ONLINE**

## OVERVIEW

Designed for working professionals who want to gain technical mastery in the rapidly growing field of cybersecurity. You will learn from three outstanding research-based programs.

Learn how to assess, prevent, and manage information and systems security-related risks by applying systems security management and post-breach practices through hands-on, interactive classes.

Technology touches every aspect of business today through innovative tools, platforms, analytics and data. Be one of the professionals framing it, fueling it and driving it further.

Solve the challenges of today's tech-driven business world by learning to use IT to support business processes and strategic needs. You'll gain valuable skills in enterprise data management and will learn to analyze business and rethink business processes.

Amplify your career potential by learning with our world-renowned MIS faculty and doing so fully online. Solve the challenges of today's tech-driven business world by learning to use IT to support business processes and strategic needs.

There's no need to leave your job, and several start date options per year mean you can apply and dive right in soon afterward. You can finish in as little as 10 months—transforming your work opportunities forever.
