Eller College Professional Admission Application Process

All students who meet the Professional Admissions eligibility requirements are guaranteed admission to the Business Management Professional major (Main Campus). All other [BSBA majors](#) are competitive and selective through the Professional Admissions application process.

To be eligible, students must meet all requirements by the [application deadline](#). The Professional Admission process occurs twice each year; students intending to start the professional coursework in Fall must apply for Professional Admission in January-February, while students intending to start the professional coursework in Spring will apply in August-September. Professional Admission application deadlines are strictly enforced and can be found on the [Eller website](#).

To be a competitive applicant for Eller Professional Admission, applicants should focus on strong overall academic performance, coupled with extracurricular or professional leadership opportunities. The Professional Admission application considers the following selection criteria:

- **Grade Point Average**
 - Applicants must have a minimum cumulative GPA of at least **2.75** on 12 or more completed graded UA units.
 - If an applicant has fewer than 12 units at UA, Eller calculates cumulative transferrable GPA using **all attempted college-level coursework from all previous institutions** attended. (i.e. if a transferable course did not transfer to UA due to a grade of D or F, it will still be figured into the Eller cumulative GPA; W grades are not included in GPA calculation).
- **Foundation Coursework**
 - Foundation Business courses must be completed or the terminal course in each sequence may be in-progress while applying for Professional Admission. All foundational business classes must be completed with a transferable grade (C or higher) by the end of the regular semester in which the student is applying for Professional Admission.
 - Eller considers all graded attempts at foundation courses, including repeated courses.
 - Note: Students may NOT complete required courses during the summer or winter following their application to be eligible to apply – you must wait to apply in the next application cycle.

1/2025

- Applicants must have completed a minimum of 36 units of work acceptable to the University of Arizona and be on track to complete 50 units by the end of the semester in which they apply.
- **Interview**
 - Applicants must submit a [professional resume and cover letter](#) to be evaluated by interviewers.
 - Interviews are conducted by business professionals (Eller Alum or community members). The interview consists of a brief introduction, discussion of an ethics case, and behavioral questions related to the Eller College of Management learning outcomes.

To retain Professional Admission, by the end of the application semester, applicants must:

- Students must be admitted to the University of Arizona to effectively be enrolled into their upper-division coursework by the start of the intended semester.
- Earn a C grade or higher for all in-progress transfer foundation business courses.
- Maintain Academic Eligibility with a cumulative GPA of a 2.0 or higher.

After being admitted to the upper-division professional phase through the Professional Admission process, [each major](#) is designed to be completed in 4 traditional semesters.
