DATASETS MADE AVAILABLE

In the course of my research on the Great Depression and with National Science Foundation Funds I have participated in making datasets generally available for scholars.

United States Agriculture Data, 1840-2010. ICPSR 35206 was created by Michael Haines, Paul Rhode and Me. My involvement included making digitally available thousands of variables from the U.S. Censuses of Agriculture for counties for the years 1920, 1925, 1930, 1935, 1940, 1945, 1950, 1955, 1960, and 1965.

U.S. County-Level Natality and Mortality Data, 1915-2007

Principal Investigator(s): Martha Bailey; Price Fishback, University of Arizona; Michael Haines; Shawn Kantor, Florida State University; Edson Severnini, Carnegie Mellon University; Anna Wentz, Brown University .
Forthcoming through ICPSR.
