DEPARTMENT OF ACCOUNTING

## From the Department Head

**Eller** COLLEGE OF  
MANAGEMENT

Dear Alumni and Friends of the Department,

The past year has been full of excitement and challenge for the University and

our Department. We continue to be grateful for the support of our alumni and friends. Without you, we would not have the resources to maintain the high caliber teaching, research, and service expected of the University of Arizona Accounting Department.

The demand for our programs continues to be strong. Our Masters Program experienced a 20% growth in enrollment in Fall 2010 while still maintaining high entrance standards. Undergraduate demand continues to exceed our capacity to admit students to the major. Our faculty continues to be recognized for their research and pursued for service opportunities within the college.

However, the economic times have impacted our state funding as well as our students entering the workforce upon graduation. Our undergraduate placement rates have declined for the second year in a row, with 62% of graduates in the last 12 months having confirmed plans at graduation. Masters of Accounting placement rates are much higher, around 90%

at graduation, with 100% of students finding employment within 3 months of graduation. Although our placement rates have declined, Accounting graduates continue to enjoy the highest placement success in Eller College.

To help ensure the success of our students following graduation, the Department continues to support many professional development activities each semester. These include an Accounting Career Panel, Meet the Firms, Masters of Accounting information session, case competitions, and many networking opportunities via Beta Alpha Psi and the Accounting Student Association. We are always seeking new ideas both inside and outside the classroom to boost our student experience.

Please contact me or the Department if you have any questions or suggestions on how to enhance our reputation or increase the success of our students. Again, we are so grateful for your ongoing, generous gifts of time, expertise, and financial support.

Regards,

Dan Dhaliwal

### ACCOUNTING CAREERS AWARENESS PROGRAM

Ernst & Young (E&Y) and the University of Arizona's Department of Accounting sponsored the sixth annual Accounting Careers Awareness Program (ACAP). Thirty high school seniors from across Arizona participated in week long activities that allowed each student to experience the accounting profession and Eller College of Management.

The program was created to provide high school students from under-represented groups the opportunity to network with professionals and to learn about the career possibilities within accounting.

The 2010 program was facilitated by **Leslie Eldenburg, Katie Maxwell, Alyse Ramirez, Alexis Greer, Alex Gaona, Sean Ostrander, Christina Gage, and Jennifer Abram.**

In order to attract more students who are interested in general business, ACAP will change its name to Business Careers Awareness Program (BCAP) for the 2011 program. The program offers classes for introductory accounting, finance and marketing.

### ACCOUNTING FOCUS NEWSLETTER

Our goal is to keep our students up-to date on current events in the accounting world, including FASB, IASB and SEC happenings. The faculty plans to publish one or two issues each semester. Alumni and friends of the Department who wish to receive email notifications of future issues should contact Delight Craddock at [accounting@eller.arizona.edu](mailto:accounting@eller.arizona.edu).

## HOMECOMING GOLF TOURNAMENT

The Friday before Homecoming, the Accounting Department holds an annual golf tournament where accounting professionals and students are paired together. The golf tournament, sponsored by ASA and Beta Alpha Psi, is held at Quail Canyon Golf Course and included 40 professionals from 12 firms, 37 student golfers, and 25 student volunteers. The event provides a casual networking event while enjoying the beautiful Tucson weather. If you are interested in participating next year, please contact Katie Maxwell at maxwellk@email.arizona.edu.

## CALLING ALL ALUMNI

The Department of Accounting has provided its students with the tools and professionalism to excel in the business world. Due to award winning professors and the high quality courses, the Department of Accounting is ranked 18th among public schools. The lessons learned and the lasting memories are what make the college experience unforgettable.

In order to provide the same opportunities for our future students, the Department relies on donations from alumni like you. Your donation provides the resources needed to operate a prestigious program. Also, donations to the Department help fund TA positions which makes the MAcc program more affordable for students. The amount of the contribution is not as important as the act of giving, and with the matching gift program offered by many employers, you can quickly double your donation.

If you have contributed in the past, we appreciate your generosity and encourage you to continue giving back to the program. If you have not yet contributed, it is not too late. Please make a donation today to ensure that your name appears in next year's newsletter on the donor list. Be sure to designate your gift to the Department of Accounting.

## STUDENT ORGANIZATIONS

### Beta Alpha Psi

Beta Alpha Psi has been heavily involved in the community this semester, painting Ben's Bells and helping with clean-up at the Welcome Home event on the U of A mall. On the Department web site is a documentary created by Dr. Bill Waller and Beta members entitled "Now and Then". In November we look forward to volunteering at the Giving Tree in their Project F.E.E.D. outreach program and walking in the CATwalk. To end the semester, Beta will be helping in the Eller College Philanthropy event and be painting for Ben's Bells. **Karen Otto** is the faculty advisor.

### ASA

The Accounting Student Association (ASA) is an organization comprised of about 150 student members, 10 Executive Board members, and **Phillip Blanchard** as the faculty advisor. ASA is open to all students, both underclassmen and upperclassmen, and is focused on providing them with resources and opportunities within the accounting field. The club offers great opportunities with local, national, and global firms and holds bi-weekly meetings where volunteers and recruiters from a variety of accounting firms will speak to and interact with the members. The club also participates in philanthropies and hosts social events. Just recently ASA members volunteered their time at the Diamond Children's Center Silent Auction that was held at the JW Marriot at Starr Pass. It was a great event and ASA's help was greatly appreciated. ASA focuses on preparing their members for the accounting profession and enriching their college experience.

## ACCELERATED MBA PROGRAM

**Daniel Bens**, Associate Professor of Accounting, was named Associate Dean for the Eller MBA program in the fall of 2009. Dan joined the Eller Accounting faculty in 2005 after serving for six years on the faculty at the University of Chicago Booth School.

The Eller MBA recently launched a new option for professionals in a convenient format that minimizes time out of the work force. This program allows students to earn an MBA in 12 months, cutting down on out-of-pocket tuition costs, as well as the opportunity cost of leaving the work force. Applicants must have an undergraduate business degree and at least three years work experience. The traditional two-year program, as well as other part-time programs, are also available.

Accounting graduates might find this option attractive if they are looking to broaden their business skills. Business fundamentals are reviewed during the summer. During the fall and spring, students specialize in their electives, taking advantage of several applied learning options including advanced consulting projects, entrepreneurship from the McGuire Center, investment management, or an immersive international trip.

For information on admissions contact [mba\\_admissions@eller.arizona.edu](mailto:mba_admissions@eller.arizona.edu), or call 1-888-355-3762.

## MASTER OF ACCOUNTING PROGRAM UPDATES

The Masters of Accounting program offers students an option between four different tracks of study: Audit, Tax, Management Information Systems (MIS), and Entrepreneurship. These tracks provide our students with a curriculum specifically aimed to support their post-graduate career goals. More information regarding the courses within each track of study can be found at <http://accounting.eller.arizona.edu/master/curriculum>.

The Masters of Accounting Program offers Teaching Assistant positions to their students. We currently have 17 TA's within the Masters Program. Donations that are made to the Department help fund TA positions which make the Masters of Accounting Program more affordable for students.
